RIVERS AND HARBORS TRIP ABOUT OVER

**Queen City Arrived at 10:30, Left at 1---
Trip Ends at Cairo Tonight.**

The Queen City with members of the rivers and harbors committee of congress, friends, families and a corps of newspaper correspondents arrived in Paducah about 10:30 o'clock this morning, two hours earlier than expected.

The local delegation named by Mayor Yeiser left on the Cowling only a short time before, expecting the boat to arrive on schedule time, and had gotten only as far as the head of the island when the big steamer came along.

The Joe Fowler was to have taken the crowd up to meet the visitors, but did not arrive in time. It was intended to transfer the Paducah committee from the Cowling to the Queen City, where the visitors would be formally welcomed, but a high wind prevented. The boats came around together and landed and greetings were exchanged.

After introductions the visitors were taken in charge by local committee and shown the city. Some were taken in autos, others in carriages and the overflow went in street cars. No elaborate entertainment had been prepared for the visitors because their stay was limited to only an hour or two. Besides, they all appeared to be thoroughly tired out with their trip, and the constant entertaining and banqueting that have marked their voyage from the start a week ago, until last night.

Everybody appeared to be delighted with Paducah and our beautiful harbor, and it is certain that Paducah welcomed them as well as possible considering the shortness of their stay.

Several of the newspaper men stated that they had every reason to think from statements made by members of the rivers and harbors committee, that congress will do handsomely by the Ohio at its next meeting, and while the Ohio will probably not get all it wants, it will get a good slice.

The Queen City left the local wharf at 1 o'clock for Cairo, where the party disbands and most of them go home by rail.

The gentlemen appointed by Capt. S. A. Fowler went down with them, and Hon. Campbell Flournoy will respond to a toast as representative from Paducah. The others from Paducah, besides Capt. Fowler were Messrs. George C. Wallace, Ed. P. Noble, H. A. Petter, James M. Lang and Virgil Sherrill.

Congressman Ollie M. James left the party here and will return to Marion.

The visitors seemed to be well pleased with their trip, and most of them had no idea of the vastness of the Ohio and the fertile, busy lands and cities along its shores, until they had seen it all themselves.

The party, as it arrived here, was made up in part as follows:

Members of the Committee—R. B. Dovenor, West Virginia, acting chairman; R. P. Bishop, Michigan; E. F. Acheson and wife, Pennsylvania; D. S. Alexander, New York; James McLachlan and wife, California; William Lorimer and daughter, Illinois; Wesley L. Jones, Washington, and James E. Ransdell, Louisiana.

Other guests—James H. Cassidy, secretary of the committee, and wife; J. H. McGann, E. F. Hutchinson, F. W. Treadway, Capt. John F. Bravoy, J. W. Wardrop and wife, A. J. Stone, E. A. Loyd and wife, John Williams, Capt. James A. Henderson and wife, Capt. W. B. Rogers, Col. George H. Henderson, George Parsons, mayor of Cairo, his daughter, and E. A. Smith, of Cairo.

Corps of United States Army Engineers—Col. Ruffer, Maj. Sibert, Maj. Zinn and Capt. Burgess.

Congressman J. L. Rhinock, of Covington, the Madison delegation, and others who joined the delegation at various places, with the newspaper correspondents, made up the party.

Arthur Brown and Charlie Howard Metropolis boys, are pursuer and clerk respectively of the Queen City, and are well known here.

The delegation from Paducah, headed by Mayor D. A. Yeiser, could not go up this morning on the Joe Fowler to meet the distinguished delegation, as the Fowler was late. They went on the Cowling instead.

Congressman Ollie M. James, one of the guests of the Queen City party, is one of the most imposing figures, and never fails to make friends wherever the boat stops.

Capt. J. C. Willis, of Metropolis, came up today to meet the delegation and sent down a keg of powder to use in firing a salute of seven guns as the steamer goes past Metropolis.

When the Queen City passes Metropolis this afternoon she will be saluted with a big cannon, seven shots

to be fired in her honor.

The Waterways Convention.

Evansville, Ind., May 17.—The first movement looking to a call for a national convention of those interested in the improvement of the waterways of the country was taken here last night at a reception tendered to the congressional committee on rivers and harbors. The convention will be held at Washington D. C.

Committees from all important river points on the Ohio were named to agitate the movement over the entire country.

At Owensboro.

Owensboro, Ky., May 17.—The congressional rivers and harbors committee, inspecting the Ohio river, came here to stay fifteen minutes and remained two hours. Owensboro hospitality proving of a quality that could not be denied. The Queen City arrived at 9:30 yesterday morning, an hour ahead of schedule time and was met at the wharf by the entire Business Men's Association, a committee of a hundred ladies with flowers and a brass band.

The party was escorted to the new Grand Theatre, where a reception was held, lasting thirty minutes. An address of welcome was delivered by Capt. W. T. Ellis and the response by Capt. B. B. Dovenor, of the party. The entire party was then driven over the city, sixty-three carriages being in line. Queen City left at 11:25 with the party for Evansville, after having been met here by a committee from that place.

Cairo is Ready.

Cairo, May 17.—Preparations are complete for a most elaborate entertainment of the rivers and harbors committee of congress upon their arrival here this afternoon on the steamer Queen City. The boat will ascend the Mississippi a short distance upon her arrival at 5 o'clock after which the guests will be entertained at a banquet at the Halliday Hotel. The steamer will be met up the Ohio in the afternoon by a large reception committee on the steamer Dick Fowler, accompanied by a band.

COMING BATTLE MAY BE NEAR FORMOSA

Japanese Fleet Said to Be Now in Waiting.

Fourth Baltic Fleet Will Sail June 14th—Czarina Said to Have Offered the Kaiser.

JAPS CAPTURE TWO STEAMERS.

Amoy, China, May 17.—It is believed that part of the Japanese fleet is taking up a position below Formosa, and that Admiral Togo has planned a fight with the Russians south of Formosa.

The Japanese get orders from this vicinity during the night.

Fleet Left Sunday.

Hong Kong, May 17.—Rojestvensky's fleet left Honkoko Bay on the Annam coast Sunday. This report is made by the German steamer Wunghoi, which arrived today. The Wunghoi passed Sunday morning and saw the Baltic fleet, numbering fifty vessels, leaving. The captain gives the exact details of the positions of the different vessels.

Baltic Squadron Sails June 14.

Cronstadt, Russia, May 17.—Vice Admiral Birliff, commander in chief of the Russian fleets in Baltic ports, has issued an order to commanders of all vessels which will comprise the fourth Baltic squadron to be ready to sail for the Far East June 14. The main ships of the new squadron, it is said, will consist of two new battleships, two cruisers, torpedo cruisers, a gunboat and several minor vessels.

Czarina's Letter Causes Coolness.

London, May 17.—According to a dispatch, a letter from the Czarina, written to a friend in Darmstadt, Germany, has fallen into the hands of German officers. In the letter the czarina blames the grand dukes for the disasters which have overtaken Russia and also bitterly criticizes the action of Germany in endeavoring to profit by the misfortunes of her neighbor. The Kaiser is said to have read the letter and much unpleasantness between the two countries resulted.

Governor-General Shot.

Ufa, Russia, May 17.—Major-General Sokolovsky, governor-general of province Ufa, was fired at several times and seriously wounded in a public garden, during an entertainment. His assailant disappeared. Sokolovsky's life is despaired of.

Saluted German Flag.

Paris, May 17.—A telegram to the Reuter Co. from London affirms the report that a body of Germans landed at Hachui, China, May 12. Despite the denials made the dispatch says the Germans hoisted the German flag and saluted it.

Struck a Mine.

Tokio, May 17.—The steamer Chuyemura while on her way to New Chwang, struck a mine near Mao Islands, Gulf of Pechili Sunday and the vessel had to be beached on Elliott Island.

Japs Capture Two Steamers.

Tokio, May 17.—The British steamer Lincluden was seized Monday south of Korea. The same day the Japanese also captured the French steamer Quangnam, near Pescadores Islands.

Woodmen of the World.

Chattanooga, Tenn., May 17.—The Sovereign Camp of the Woodmen of the World yesterday refused to adjourn and resume the sessions in Galveston, Texas, so that the delegates might attend the unveiling of the monument there on May 22, erected to the memory of the members of the order who lost their lives in the flood. Two hundred dollars was voted to the sufferers of Snyder, Okla., cyclone.

On account of an opinion recently given by the Attorney-General of Nebraska, the Sovereign Commander was given the right to move the headquarters of the order from that state "whenever taxation becomes unjust, excessive or oppressive."

Tin Wedding Celebrated.

Mr. and Mrs. William C. Clark gave a pretty reception last evening at their home on North Fifth street in honor of the Tenth anniversary of their wedding. Quite a number of guests were present.

Arm Broken By a Cow.

Mrs. Wm. Haverson, of the Benton road, Tyler neighborhood, was kicked on the right arm this morning by a cow and one bone fractured. Dr. J. W. Pendley was called and dressed the injury.

END OF STRIKE SEEMS TO BE NEAR

President Gompers is Now on the Scene at Chicago.

Mayor Dunne Takes a Firm Stand About the Spread of the Strike.

RESULT SOON TO BE MADE

Chicago, May 17.—Although no facts have as yet transpired to fully warrant the prediction, it is asserted both by members of the Employers' association and by the conservative element among teamsters that the present strike will be called off, probably within forty-eight hours, and certainly by the end of the week.

It is not likely that any definite action looking to an adjustment will be taken prior to the meeting of the teamsters' national officers, which it is expected will be held here today.

Chief among the causes which lead to the prediction of a settlement are the firm stand taken yesterday afternoon by Mayor Dunne, when in conference with President Shea and officials of the local teamsters' union, he assured them that any further spread of the strike would certainly make it necessary for him to call for troops.

At a meeting of the board of education last evening, warrants were sworn out for eight boys who have been leaders in recent strikes at schools in sympathy with the strike of the teamsters. Threat of arrest of parents whose children did not attend school had the effect of settling three of the strikes and a normal attendance of pupils is expected.

After leaving the meet of labor leaders President Gompers last night met a number of team owners who have stood by the unions, for a greater part of the strike and they informed him that the time had come when they could no longer refuse to deliver and take goods from boycotted houses.

It is said on good authority that the teamsters will accept any plan of settlement that will enable them to call off the strike gracefully, and they will accept any plan Gompers may propose.

President Dodd, of the teamsters, said this morning, "I don't see how anybody can end the strike, as long as employers refuse to arbitrate. If they continue this refusal the union can do nothing but continue the strike." There had been no violence up to noon.

The police this morning arrested James Jones and Jesse Ballinger negro strike breakers, charging them with firing the shot which killed Enoch Carlson, a school boy last night. Several boys jeered the men as they passed, and the shooting followed.

Enoch Carlson, 8 years of age, was shot and killed last night by a colored man, a former employee of the Peabody Coal company, which has sustained an active part in the teamsters' strike. Two colored men were walking along Twenty-seventh street when some boys playing ball in an adjoining lot, hooted at them. One of the colored men drew a revolver and fired at the boys. Just as he did so, the Carlson boy came around the corner and the bullet struck him in the left groin. He died while being taken to a hospital. The colored men escaped, but it is believed they will be arrested within a short time.

PENSION OFFICE.

Commissioner Warner Dispenses With Services of Ten Men on Review Board.

Washington, May 17.—Commissioner of Pensions Warner has taken final action in connection with the board of review of that office, from which ten members were asked to resign for alleged incompetency, by filling vacancies thus created as well as three other vacancies on the board are: Norris E. Sablin, Wisconsin; Israel Stockton, Illinois; Dr. W. L. Chamberlain, Indiana; T. F. Dennis, Kansas. The vacancies were all filled by transfers from other divisions of the office.

ANTI-MOB LAW.

Illinois Sheriffs Must Now Take Care of Prisoners.

Springfield, Ill., May 17.—Governor Deussen last night signed forty bills. One of the most important was the anti-mob law bill. It provides for vacation by proclamation by the sheriff's office when that official allows a prisoner to be taken from him and lynched, and provides a fine of \$1,000 for participation in a lynching mob.

A BIG COAL DEAL JUST CONSUMMATED

Thomas A. Nevins Buys Enormous Coal Properties in Kentucky.

Sturgis, Ky., May 17.—One of the biggest coal deals ever consummated in the state was perfected here today, whereby Thomas A. Nevins, multi-millionaire of New York, president of the United States Gas, Coal and Coke company of Sturgis, purchased Tradewater Coal and Coke company, the Baker company, of near Wheateroff, and about 25,000 acres of coal land in this section.

The price paid for Tradewater was \$400,000, for the Baker property, \$100,000, and for the other rights probably a like sum. It is understood this is only a preliminary deal looking

ing to a larger, by which the combined interests here will be turned over to the Northam company, of which Pierpont Morgan is head.

The company owns street railways and gas franchises in St. Louis, Milwaukee, Memphis and other places, which consume over a million and a half tons of steam and gas coal a year themselves.

The new combination will want a producing capacity of about three million tons a year, to meet which will require at least six large shafts, employing probably six thousand men.

SINCE AUGUST

BODY OF CAL RYAN HAD BEEN IN THE OHIO RIVER.

Was Found Last Night Near Cairo and Identified by Friends Today.

Cal Ryan, a painter, who disappeared from Cairo, Ill., last August, committed suicide. He suddenly vanished from his usual haunts, and although it was suspected at the time that he had taken his life, no trace of him was ever found.

Last night Capt. Spanish, of the towboat Thesus, picked up a floater near Cairo in the Ohio river.

Owing to the darkness no steps were taken to identify the remains at that time, but this morning Coroner McManus held an investigation, and the remains were identified as those of Ryan, and had been in the water since August. There were no marks of violence on him, and a verdict of suicide was returned.

GEN. LOMAX APPOINTED.

Secretary Taft Fills Vacancy in the Gettysburg Park Commission.

Washington, May 17.—Secretary Taft has appointed Maj.-Gen. Lunsford L. Lomax, of Virginia, a member of a Gettysburg battlefield park commission to fill the vacancy caused by the death of Maj. William Robins of North Carolina, one of the Confederate commissioners. With the single exception of Maj.-Gen. Robert F. Hoke, of North Carolina, Gen. Lomax is the senior officer of the survivors of the Army of Northern Virginia.

He is a West Point graduate and commanded the escort of President Lincoln at the latter's first inauguration. Soon afterwards he resigned from the army and cast his lot with the Confederacy. In April, 1892, he was appointed a compiler in the office of war records, war department, and has continued in clerical duty in the war department ever since.

MEMPHIS TRAGEDY

Young Woman Found Dead in Doctor's Office—Two Arrested.

Memphis, Tenn., May 17.—Mrs. S. D. Parks, of New Albany, Miss., was found dead last evening in the office of Dr. Y. S. Troyer, alleged specialist. There were bruises and marks on her throat, and Troyer and his wife were arrested. The dead girl was 18. Her husband did not reach Memphis until after she was dead.

Troyer claims the girl died from morphine she took herself, and that he apparent bruises were from hot cloths applied when he saw she was about to succumb. It is claimed the girl died from a criminal operation. Troyer is alleged to have once been convicted of performing a criminal operation.

CONDUCTORS MEET

Next Time in Memphis—National Convention at Portland Over.

The next national convention of the Order of Railway Conductors, 1907, will be held in Memphis, Tenn. Memphis sent a delegation to Portland, Ore., for the express purpose of lauding the big convention, and one of the leading workers or it was Mr. B. Jacoway, formerly of Paducah. Another who aided in sending it was "Dixie," little daughter of Conductor Wright, of Memphis. She was taken along to make a speech, and Memphis had no difficulty winning in a walk.

When it comes to selecting a wife, some men are easily pleased.

LARGER STILL

WAS THE CROWD AT THE CARNIVAL LAST NIGHT.

German Village and Country Store Among the Most Popular Attractions.

The second night of the Paducah carnival was a big affair, the crowd being much larger than on the opening night.

The free attractions, German Village and Country Store, seem to be the center of attraction. The German Village is a big drawing card and the free vaudeville performance is something above the average shows seen in German Villages.

The free acts draw well and the carnival bids fair to be a great success. On account of the special features the remainder of the week and the fact that excursions will be run in, the crowds will increase.

Tomorrow the big excursions from Southern Illinois will arrive, bringing between 1,000 and 2,000 people. The barrel of flour given away Monday night by the country stores was won by Miss Maud Robertson, and the lady's umbrella given away yesterday was won by Miss Nicholson, of 1201 Jefferson street.

LIFE INSURANCE

Causes Woman to Have Her Husband Killed.

Parkersburg, May 17.—On May 3 at midnight masked men entered the home of Henry Bleckshire at Brookville and shot him dead in the presence of his wife and son. Last night Mrs. Bleckshire and her neighbors, Robert McCloskey and Louis Hendricks, were put in jail charged with complicity in the murder. The arrest of Mrs. Bleckshire today was brought about by a statement of Hendricks. He said he was at McCloskey's home several days before the murder and heard Mrs. Bleckshire offer McCloskey money to kill her husband. He says he told Mrs. Bleckshire after the murder what he heard and she offered him \$100 as soon as she collected life insurance if he would leave town. He and McCloskey left together. They remained near Parkersburg till McCloskey returned to Brookville Sunday to get his pay and while there he was arrested. During their absence Mrs. Bleckshire attempted to collect the insurance, amounting to \$1,000. McCloskey admits being at the house at the time of the murder, but charges Hendricks with the crime.

McCRACKEN CASES

Court of Appeals Considers Two From Here Today.

Frankfort, Ky., May 17.—In the appellate court today in the case of the I. C. vs Colley, McCracken, a motion for oral argument was overruled and the case submitted.

In the case of Seibert, etc., vs Greif, McCracken, notice was filed and a motion made by appellee to dismiss the appeal granted by the lower court and to discharge the supersedeas. The motion was submitted.

NAN PATTERSON

Will Go Back On the Stage—\$2,000 a Week.

Philadelphia, May 17.—The Inquirer says Nan Patterson has signed a contract to appear on the stage of a New York theatre at a salary of \$2,000 a week. According to the Inquirer she is to appear in an act at the head of six other chorus girls. The length of the engagement is not known.

"Chief" Lloyd's band of Indians took the first scalp from the Giants yesterday afternoon at Cairo with Big Bill Frakes in the box. It was anything but a pitchers' battle, both teams hitting like fiends.

The Cairo Bulletin gives the Paducah Indians the best of the argument in the hitting line because of their ability to hit when needed and attributes the defeat of the Giants to the lack of team work. The sporting editor of that paper says that the Indians had everything in the way of team work, that the Giants didn't, and as a result of the game one more Giant was sent back to the woods. He is Jimmy Cuthbert, center fielder, and Jimmy, like Eckstone, the twirler, will have to seek new quarters.

Another noticeable fact in connection with the game is that Larsen will be brought in from the field to play infield. Every time the Giants get set back a notch, they make some change.

The Indians won yesterday's game however, and won it through good hitting and heady ball playing, and Cairo sports have to admit it. Paducah bunched hits and walked away with the game, the Giants losing confidence when the score was tied.

Everyone seemed to be hitting and Vahrenhorst who has a "charleyhorse," was there with the willow. Out of four times up he got four hits, one being a double, and "not to be argued about for a minute," as the Bulletin says.

The Cairo Bulletin says of the game:

With two runs in the lead yesterday at the very start off of the game, when Paducah tied the score in the fourth inning, is when the salt and pepper disappeared, and in the sixth it seemed to have been lost altogether. Hit after hit was secured by placing them in the space which is always open on any team, that between second and short and with the bases full Magers picked up a drive and, knowing what to do with it, let the man with the winning run score while he attempted to throw out the batter at first. Magers, according to the fans, is not seriously to blame for not attempting to throw out the runner at home, as it is contended that he had not the time to do so successfully.

The scores for the Giants were made in the second and sixth innings. In the second "Dummy" Hughes singled, Magers sacrificed and Larsen followed with a walloping two bagger both men on bases scoring on Holycross' beautiful hit which was made

with two men out. Bell singled, advancing Holycross to third, and then stole second, and with a man on third and one on second Bissell sent a long fly to center, which was captured by Taylor after a beautiful run. In the sixth "Dummy" landed on first by an error of his drive by Potts. Larsen flew out to McClain, after Witt had struck out and Harvey connected for a safe to left field. "Dummy" scored on Holycross' second hit and while trying to reach the rubber from second sack on Bell's hit Harvey was thrown out by Center Fielder Taylor, retiring the side.

Visitors score in fourth and sixth. The runs for the Indians were made in the fourth and sixth innings by Taylor, Vahrenhorst, Bohannon and Perry and were the results of one or two bingles on the part of the Giants and a bunch of well placed hits which came in decidedly rapid succession.

The Henderson Gleaner pays the following tribute to Cairo's hammer brigade: "Cairo has signed a new outfielder named Price. The hammers down there work harder than the wires, and by the time the Rats get here, the chances are that an entire new outfit will be representing the so-called 'three time winners.'"

Pitcher "Slim" Saddler and Catcher Robert Mains were released Monday afternoon. Both are good men but the fact that Gilbert will be here soon makes it necessary to let Saddler go. Brown is an improvement at 1.

Tommy Copeland is still in Paducah waiting to sign up with some team. He is a fast infielder or outfielder and is a sure stickler. Tom should not have any trouble in getting on with any Kitty team.

Manager Kubit, of the Henderson team, was "knocked" Monday because he went into the box to succeed Asher who was wild and throwing the game away. Kubit is an excellent pitcher and won the game out. The fans roared him and such disloyalty to the management and team when Asher was called for was a severe trial on Kubit but he stood it well and showed he knew the game and was a capable manager. He says if the fans don't like his management to remain away from the park, and is supported by the true sportsmen of the city and the press.

Andy Pettit, the catcher, got a telegram from Dayton, O., this morning asking him to sign for the season with that team which is in the Central league. Pettit wired back for

I. THE CLERK.

The young man clerk who has the least ambition to advance, should have an account with this bank, as the surest means of realizing that ambition.

Money ahead may be the means of seizing an opportunity to go in business for yourself or to invest in something good, any number of which are always open to men with ready capital.

Many young men, when they see an opportunity, which to be seized requires ready capital, have to forego it or borrow the money, which leaves them handicapped in the business race. They realize then, keenly, the value of saving, and not a few know that it could have been saved in the years past.

CROP REPORT

WEEK WARM AND RAINY AND CROPS ARE DOING WELL.

Little Progress in Corn Planting—Tobacco L. Being Set Out.

The weekly crop bulletin, issued by the weather bureau is as follows:

The past week has been warm and rainy. Showers, more or less general and heavy, have occurred nearly every day. The rainfall for the week has amounted to from 1 to 1.4 inches over a large portion of the state, the heaviest being over the northern and eastern portions and the lightest in the south-central. Hard rainstorms have done a great deal of damage in washing uplands and cultivated lands and submerging the lowlands; also, small rivers and creeks have been put over their banks. There has also been some damage by hail and wind. The rains have retarded farm work, but stimulated to a marvelous degree the growth of all vegetation.

The wheat crop continues most promising, though too wet the past week. It is heading out nicely, but there is some complaint of its heading low and also of rust. Sunshine is needed.

There was very little progress made in planting corn on account of the wet weather; that planted is coming up well. There is considerable complaint of damage from cutworms. Some sections report planting done, while in others there yet remains a third of this work to do. Considerable replanting will be necessary on account of the washing out and flooding.

There has been some progress made in setting out tobacco plants, but this work has been hindered by the rains, also by the flooding of bottom lands. Plants are plentiful in most localities, but there is considerable complaint of cutworms.

Oats have greatly improved and are very promising, and gardens are well advanced. Potatoes are up and growing nicely but some complaint of bugs appearing.

Jouett, of Eminence, and Montgomery, of Elizabethtown.

MUCH DAMAGE.

May Be Done in Lowlands By Rise in the Ohio.

If the Ohio river gets as high here as it is predicted, on the present rise, it is feared that considerable damage will be done in the bottom lands, to corn and wheat. The river is now about 23 feet and many expect it to reach thirty, while others do not believe it will go so high.

It does not take a very big flood, however, to cover miles of lowlands along both the Kentucky and Illinois shores, and many farmers are hoping that the rise will not reach the stage predicted.

It is hard to be happy in a hurry.

A FEW COW OWNERS' TALK OF CONTEST

To Start a Subscription to Employ an Attorney.

Attorneys Say That Constitutionality of Stock Laws Was Settled Long Ago Everywhere.

THE MAYOR TO GIVE TIME.

There seems to be a number of railroad men in the local I. C. shops who do not like the cow ordinance, and there is talk of fighting it.

Several cow owners stated this morning that they intended starting a subscription to raise \$100 and employ Attorney Sam Crossland, of Mayfield, to make a fight on the regulation.

Disinterested attorneys, however, say that this would be a very ineffectual waste of money, as the constitutionality of stock laws has been established in every state in the land, not only for cities, but for the country as well. In Illinois stock is not allowed to run at large anywhere, not even if it is fifty miles from a city. All owners must keep their cattle on their own property.

There are few progressive cities that haven't an ordinance against cows running at large.

Attorney E. W. Bagby, who drew up the cow ordinance, stated that the only thing that could nullify the measure would be a technicality in the drawing up of the ordinance, and he did not think that such a technicality existed because he drew up the ordinance and took particular care not to leave anything undone and to make the ordinance as perfect as possible.

Mayor D. A. Yeiser stated this morning that he would try to give cow owners as much time as possible to make arrangements for keeping up their stock and would give a month if possible.

He stated that in all probability Clerk Henry Bailey would delay presenting him with the ordinance several days and if there was any possible legal way to delay signing it and stretching the time to one month, he will see that it is done to give those owning cows ample time to make all preparations for the change.

New Hotel Talked Of.

There has for sometime past been a report that a fine 7-story hotel might be erected at Sixth and Broadway, on the site of the Weil home, but nothing has thus far been done to insure such a building. Mr. Adolph Weil is in correspondence with Cincinnati capitalists, however, who want to put \$50,000 into such a building.

THE NEW FRANCHISE MAY GO BEGGING

No Company Could Profitably Operate Under Rates Fixed.

Library Board Did Not Intend to Close Building Permanently on Sunday.

A NEW WIRE INSPECTOR

The telephone franchise ordinance passed by the council last night fixes the highest rates to be charged by the company buying it, at \$1.50 for residences and \$2.50 for business houses. This is the franchise the city expects to sell the East Tennessee Telephone company.

The East Tennessee company now gets \$1.50 for party lines, \$2.50 for residences and \$4 for business phones. If it bought the above franchise it would not only have to cut down its present rates half, but would be unable to charge over \$1.50 and \$2.50 for its telephones for the next twenty years even, if in the meantime it secured 20,000 subscribers, each one of which increases the cost of operating the exchange. The probability is that no one will buy this franchise if it remains as it now is, and the city will waste the money for advertising the sale thirty days as the law requires.

President E. W. Bagby, of the Carnegie library board, stated this morning that it really was not the intention of the board to keep the library closed on the Sabbath for any great length of time and that the only reason it was closed at all was to give Janitor Gleason a rest.

The janitor has been ill for some time and was given Sunday off, but now that he is recovering and can be at the library on Sunday again, the building will be open. No books are given out on the Sabbath, but people may go there and read.

It is likely that Mr. W. J. Gilsdorf, an expert electrician employed at the Foreman Machine and Electrical Works, will be selected as city electrical inspector by the council.

It is stated that all insurance men have endorsed him for the office and will urge the council to elect him. He is a fine inspector and was highly praised by Mr. Gano, the underwriters' inspector who was here recently. He said Mr. Gilsdorf was one of the best he ever saw. The young man has held some of the highest positions at expositions in late years, having a responsible place at both the Nashville, Buffalo and St. Louis fairs. There are a number of others who have applied for the place, according to report, one being Mr. Ford, of the City Railway, and another Mr. Rawlings, of the People's Telephone company.

TOUR OF SOUTH

WILL BE MADE OVER THE I. C. BY ITALIAN AMBASSADOR.

Is to Investigate With a View to Recommending Immigration to the South.

Chicago, May 17.—Baron Mayer Des Planches, Italian ambassador to the United States, and Judge J. M. Dickinson, general counsel, and Captain J. F. Merry, assistant general passenger agent of the Illinois Central, will depart tomorrow night on a special for a tour of the south to investigate conditions with a view to recommending that country as favorable for the settlement of Italian immigrants.

The question was brought up before the proper authorities and now the Italian ambassador, at the invitation of Vice-President Harahan, of the Illinois Central, will go over the entire line of this road south of the Ohio river to ascertain at first hand the exact economical conditions and advantages that district holds for his countrymen. The party will stop at Memphis, Vicksburg, Jackson and other important points, the tour ending in New Orleans.

Excursions Coming Soon.

The I. C. is preparing to run several excursions into Paducah within the next few weeks. A colored excursion of several coaches will leave St. Louis June 4th, at 11:30 p. m. and arrive in Paducah on the 5th in the morning. It will leave here June 5 at 11:30 p. m. Another excursion of 11 coaches will come in from Evansville on June 4, and leave about midnight. This will be mixed.

Clarksville Tobacco Market.

Clarksville, Tenn., May 17.—The tobacco receipts last week were 627 hogsheads, and they will grow larger as deliveries have been full at all of the prize houses. The offerings on the breaks were 118 hogsheads, and public and private sales were 224 hogsheads. The market was firm to strong, but prices will doubtless go higher when all of the foreign orders are in the market in full force, but as it is spinners and cigar wrappers are bringing satisfactory prices. There has been a good planting season. Cut-worms are making their appearance and are liable to do great damage. The following prices are still quoted for old tobacco: Low lugs, \$3.50 @ \$3.75; common lugs, \$3.75 @ 4.00; medium lugs, \$4.00 @ 4.25; good lugs, \$4.25 @ 4.75; low leaf, \$4.75 @ 5.50; common

"Our not doing is set down among our darkest deeds."

A GARBAGE SYSTEM.

A good way to have a clean city, in the absence of any systematic method of collecting and disposing of garbage, is to establish some kind of garbage system such as are found in many cities. At present it is impossible to keep the city clean. There are only two inspectors to cover a city of several square miles, and each can cover only a limited amount of territory every day. He can only order premises cleaned, and must pass on to a new locality all the time. He cannot remain in one block or ward long enough to see that his instructions are obeyed, and the result is that with the rapid accumulation of garbage and filth, and the rapidity with which it becomes foul and contaminating in hot weather, the city cannot be kept clean.

The city could well afford to invest in a number of garbage wagons, see that they make regular rounds every day, or as frequently as possible, and collect all garbage. Each resident could be taxed a small amount monthly, and doubtless few would object to paying it. Such a system would not only pay for itself and be a convenience to people who have no way now to dispose of garbage except by sending for a wagon when they happen to have time or to think of it, but would be a benefit to the entire city as well, by keeping it free from the causes of much disease, and possibly death.

All that is necessary to carry out such a plan is for someone to take it up and push it.

Strangers are surprised to learn that Paducah, a city of 25,000 people, pays absolutely no attention to disposing of its vast accumulation of garbage, and such knowledge tends to deter many from coming here to live, and we know of at least a few who have moved elsewhere because of the effect on their health of sanitary conditions.

Let some member of the legislative boards immediately take up the matter and at least arouse an interest in it that may eventually bring about good results.

THE VETO SUSTAINED.

The mayor's veto of the amendment to the license ordinance was sustained by the council last night. This amendment had but one object—that of enabling saloon keepers who desire to violate the law without fear of consequences. Some of them had been doing it with impunity whenever they wanted to, up to the time the mayor announced that he would exercise the authority reposed in him by that clause in the newly passed ordinance, and revoke the license of all who kept open on Sunday. Some didn't believe it and ignored the warning, with disastrous results. This showed that the mayor had taken a position from which he could not withdraw and saloon men

who desire to violate the law then proceeded to work to divest him of his power, and the amendment vetoed by the mayor last night was the result. It successfully passed both boards, but in the meantime the public had become aware of its significance. Some of the members of the legislative boards found that they could not consistently vote for the amendment over the mayor's veto, after the people had found out the object of the amendment. So the measure has failed to pass over the mayor's veto, and the mayor of Paducah still has the power to revoke saloon licenses for Sunday violation, and says he will do it. The defeat of the amendment after the mayor's veto, is due solely to the press of the city. The papers cannot make a public officer vote any certain way, but they can show the public the inwardness of a thing and make it so a public servant will not very cheerfully vote against the public interest. Had not the papers taken up this fight the "saloon amendment" would have been passed over the mayor's veto with votes to spare. After everyone understood its import, however, certain members of the board did not dare vote for it.

An interesting advertisement, and one that shows the trend in advertising as well as general business, is the twenty page advertisement of the First National Co. Operative Society in the Cosmopolitan for May. The advertisement will interest the hosts of people this company's scheme appeals to and will interest business men in that it is a remarkably big thing in the way of an ad. It is the work of Lord & Thomas of Chicago and shows their master hand. It is expensive but will pay.

A great deal of interest is manifested in Gov. Folk's action over the recent lynching at Belmont, Mo. He has already sent the attorney general down to investigate, with instructions to prosecute. The negro lynched is now alleged to have been crazy, imagining that the state of Missouri owed him \$600. This makes the lynching all the more uncalculated for and the prospect is that it will not be long until a few hot heads begin to repent of their act.

There is no excuse for any member of either board not knowing about the revocation clause being in the license ordinance. The ordinance was read several times, twice in each board. A councilman who can't understand anything as plain as the revocation clause when he hears it read twice, has no business trying to represent the people in the board, and if it is the best he can do he ought to resign.

IN THE COURTS

Circuit Court.

At press time this afternoon the case of W. J. Bugg against E. D. Holt, J. W. Lampley and W. C. Story was on trial.

The plaintiff sues for \$500 on note, the price paid for a patent stump puller which is said to have failed to work. The defendants are alleged to have refused to pay the note after the alleged failure of the patent to hold up, and suit was brought to force payment. There are a number of witnesses to testify as to the success and failure of the patent.

The jury returned a verdict for the defendant in the case of Clayton Krug against the Paducah City Railway Co.

Krug is a small boy who stood at the confectionary and soda water stand near the Broadway road at Wallace park last summer and tried to swing on a string of trailers going to the ball park to convey crowds to towns. The rules are never to stop at this station with the trailers and the Krug boy tried to swing on, but missed his footing and had a toe cut off. He sued for \$5,000 damages.

The case of the Seacoast Mineral Co. against the C. St. L. & N. O. road was continued and reset for the 7th day of the October term.

The case of Sam Stone against Chief of Police Jas. Collins and others, for alleged false arrest, in which he sought to recover damages, was this morning dismissed without prejudice.

The case of Leon David and others against Jackson Foundry & Machine Co. was continued and reset for the 7th day of the October term.

The case of F. G. Rudolph, administrator, against Ed. Woolfolk, was continued and set for the 7th day of the October term.

Suits Filed.

Willie McGee has filed suit against the Paducah City Railway Co. for \$1,000 damages for alleged internal injuries claimed to have been sustained in being jolted and jostled about the car because of alleged reckless handling by the motorman.

Major Gray has filed suit against Frances Gray for divorce on the grounds of abandonment. They married in 1895 and separated in 1900.

Police Court.

Today's cases were: Newt Dixon, white, violate the Sabbath, left open; Annie Patterson, colored, using insulting language, \$5 and costs; Chas. GREAT MEDICAL TRIUMPH.

Marvelous Success of New Austrian Drug Amazes Medical Profession.

New York, May 16.—Since its introduction into America, the wonderful success of ascatco, the new specific for asthma, catarrh and hay fever, has astonished the medical profession more than any discovery in medicine since the famous Dr. Jenner introduced vaccine as a preventive of smallpox.

Thousands of chronic cases of asthma and catarrh have yielded to ascatco, and permanent cures resulted. Patients taking ascatco six weeks in advance of annual recurrence of hay fever and rose fever will escape these diseases.

The Austrian dispensary, now permanently located at their new address, 32 West 25th street, New York City, by special commission, distributes ascatco free to all sufferers who write to them for it.

Enthusiasm For "As You Like It."

The woman's committee of the Y. M. C. A. met yesterday afternoon at the association building and arranged various details of the dramatic entertainment to be given next Tuesday evening at the Kentucky theatre under the committee's auspices. Eight of the younger society girls were selected to sell tickets, and to each four selling 25 tickets a box will be presented. They will have the right to invite four friends to occupy the boxes.

The rehearsals of "As You Like It" are being held each evening, and the cast has been all arranged. Mrs. James Young is giving her skill and experience in staging the play, as well as taking the leading role, and it promises to be one of the most successful dramatic entertainments ever given in Paducah.

Much interest is being evinced in it by the public at large.

COUNCIL HAS SEALED TOWN COW'S DOOM

Ordinance Passed Finally and Will Be
Signed By Mayor in Due Time.

The Amendment Revoking Mayor's Power in Saloon
Cases Was Sustained By a Vote of
9 to 3.

The councilmanic board held its regular meeting last night with all the members present and a large crowd on hand to participate in the discussion of either the cow ordinance or the amendment to the license ordinance, which Mayor Yeiser intended to veto.

The board passed the cow ordinance by a vote of 9 to 3, and the mayor's veto of the saloon amendment was sustained by a vote of 8 to 4.

It is said that as a result of the passage of the cow ordinance an ordinance will be brought in requiring dogs kept up, some of the councilmen claiming that they are as great a nuisance as cows. Few people, however, will agree with them.

Official Stenographer Named.
Mayor Yeiser presented his appointment of Miss Byrd Edgington as official stenographer for the city at a salary of \$40 a month. The appointment was ratified.

Mayor Yeiser reported that a suit had been filed against the city by one resident of Tyler, who alleged his property was damaged by bad surface drainage and that Rudolph Streit, now claims damages and threatens to sue for the same cause. Mayor Yeiser advised to avoid any suit if possible, and the matter was referred.

Mufflers On Street Cars.
The board ordered the committee to bring in an ordinance compelling the Paducah City Railway Co. to place "mufflers" on cars to prevent them making so much noise.

The ordinance committee was instructed to bring in a measure requiring automobilists to number each machine so the owner can be readily determined in event of accidents. Mayor Yeiser came near being struck by a machine Sunday, and suggested the ordinance.

The finance committee was ordered to arrange to pay Contractor Wm. Karnes the balance of several thousand dollars due on his Riverside hospital contract.

To Have Wire Inspector.
The recommendation of the fire committee that an expert electrician be employed by the city for six months at \$75 a month to inspect electrical wiring was concurred in. The inspector is paid by the city the first six months, but after that the merchants whose buildings undergo inspections will have to bear the expense.

Hospital Contracts Let.
The report of the Riverside hospital board was received, filed, and concurred in. This is in regard to letting contracts for furnishing the hospital. Successful bidders are: Bressette-Pugh Co., Indianapolis, operating rooms, etc., \$1,250; Paducah Furniture Co., beds, \$156; Ed. Hannan, gas, electrical fixtures and plumbing, \$417; Milt Ingram, screens, \$245; the remainder of furnishings will be secured from several local firms among them being Geo. O. Hart Sons Co., Rhodes-Burford, Scott Hardware Co., L. B. Ogilvie, Rudy, Phillips Co.

Dr. Frank Boyd, marine surgeon, offered to make a contract with the city to place all marine patients in this section in Riverside hospital if no more than \$1.30 a day was charged, and all marine smallpox patients in the pest house if no more than \$2 a day is charged. Mayor Yeiser was ordered to sign a contract to that effect.

Bondsman Released.
Messrs. Joseph L. Friedman and John Keller were released from the bond of C. E. Blackburn, Dixon & Allen, Will Greek and F. M. Matlock, and the bonds of the Fidelity & Deposit Co., substituted.

The Saloon Amendment Vetoed.
There was a lively time when the mayor read his veto of the amendment to the license ordinance. He said that his conscientious scruples forbade his doing anything else but vetoing it.

He read his veto, and a vote taken to sustain the veto resulted in its being sustained by a vote of 8 to 4. Those who supported the mayor are: Ingram, Gailman, McBroom, Gilson, Riglesberger, Kolb, Barnett and Agnew. This was three more votes than needed. Those who wanted to pass the ordinance despite the veto, Kehkopf, McCarty, Oehlschlaeger, and Taylor. The three councilmen who changed their votes, having supported the amendment when it was first passed, are: Ingram, Gilson and Gailman.

There was during the discussion a lively tilt between Councilman Rehkopf and the mayor and between Councilman Rehkopf and City Solicitor

Puryear and both the latter became very mad for a few minutes. It seems the councilman demanded to know who originally put the clause relative to revoking licenses for a violation of the law, in the license ordinance, and said he didn't know it was there, or he wouldn't have voted for the ordinance when it was passed several months ago.

The solicitor replied that he didn't remember who put it in, but that it was in, was a part of the ordinance, and had been all the time, and was read twice in both boards, and that all the members knew of its existence. The councilman insisted on knowing who "had the clause put in," and the solicitor became angry and told the councilman he had told him all he knew, but that he, the solicitor, was willing to assume the responsibility for its being there, if it would afford the councilman any satisfaction, and that he had no apologies to make to anyone.

Mayor Yeiser at this juncture also got mad and told the councilman as he pounded the desk with his fist, that he didn't have the clause put in, but that if he had been there when the ordinance was drawn up, he would have suggested it, and that he was willing to assume full responsibility for it, no matter who had it put in. He declared he had no apologies to make to anyone, and that anyone who didn't like his line of talk could find him in his office at any time. He said he was not trying to shirk responsibility for anything or have anyone else shoulder responsibility that belonged to him.

The spectators applauded him for his stand, and when quiet was restored the veto was sustained. It would have taken 8 votes to pass it over his veto, but instead of that, 8 votes were cast to sustain the veto.

The Veto.

The veto in full is as follows:
Paducah, Ky., May 15, 1905.
To the Council of the City of Paducah, Ky.

Gentlemen—I return to you an ordinance, which had its final passage at your meeting on the 17th day of April, 1905, said ordinance is entitled: "An ordinance repealing Section 10 of the ordinance fixing and regulating licenses on various lines of business, callings, occupations and professions, in the city of Paducah, Ky., adopted by the board of councilmen on December 7th, 1904, and by the board of aldermen on December 9th, 1904, and approved by D. A. Yeiser, mayor, on December 15th, 1904, and attested by Henry Bailey, city clerk, on December 13th, 1904, which is as follows, to-wit:

"Section 10. If at any time it shall be made to appear to the satisfaction of the mayor, that any licensee, person, firm, company or corporation, has violated any of the provisions of this ordinance, then the mayor or can revoke his, her, their or its license."

To begin with, the ordinance, in my opinion, should have been entitled "An ordinance permitting Sabbath violation." The ordinance you attempt to repeal is a good ordinance, from the fact it makes more effective by way of a penalty, the law now on the statute books. To make a law effective it is to make the penalty severe, so that others seeing the result of its enforcement, will have more respect for the law of the land. To a law-abiding citizen, the penalty attached to law-breaking, has no terror, but such a penalty is a necessary check to the lawless element who would defy and override the law. I cannot believe that the members of this council had fully considered or understood the matter when they attempted to repeal this ordinance, thus doing away with penalties; nor can I believe the council desires that there shall be no observance of the Sabbath, but by the passing of this ordinance, they, as well as all fair-minded persons, are bound to concede lessens the chances for a legal observance of the law.

If the law says you shall not murder or you shall not steal, and attaches no penalty, or a mild penalty, of what value is the law? Of no value whatever, except to men who obey the law from conscientious motives. Either remove or decrease the penalty for murder and anarchy, and bloodshed would extend over our entire country. Might would prevail and not right.

It seems to me the repeal of this ordinance is an entering wedge for the lax enforcement of law in this community. No one can justly accuse me of being a fanatic, or one who would abuse these powers. I think saloonkeepers should be pro-

SUMMER RHEUMATISM

Every season has its own diseases, but Rheumatism belongs to all, for when it gets well entrenched in the system, and joints and muscles are saturated with the poison, the aches and pains are coming and going all the time, and it becomes an all-the-year-round disease; an attack coming as quickly from sudden chilling of the body when overheated, a fit of indigestion or exposure to the damp, Easterly winds of Summer as from the keen, cutting winds, freezing atmosphere and bitter cold of Winter.

Rheumatism never comes by accident. It is in the blood and system before a pain is felt. Some inherit a strong predisposition or tendency; it is born in them; but whether heredity is back of it or it comes from imprudent and careless ways of living, it is the same always and at all seasons. The real cause of Rheumatism is a polluted, sour and acid condition of the blood, and as it flows through the body deposits a gritty, irritating substance or sediment in the muscles, joints and nerves, and it is these that produce the terrible pains, inflammation and swelling and the misery and torture of Rheumatism. No other disease causes such pain, such wide-spread suffering. It deforms and cripples its thousands, leaving them helpless invalids and nervous wrecks.

When neglected or improperly treated, Rheumatism becomes chronic, the pains are wandering or shifting from one place to another, sometimes sharp and cutting, again dull and aggravating. The muscles of the neck, shoulders and back, the joints of the knees, ankles and wrists, are most often the seat of pain. Countless liniments and plasters are applied to get relief, but such things do not reach the poisoned blood; their effect is only temporary; they are neither curative nor preventive. The blood must be purified, and all irritating matter removed from the circulation before permanent relief and a thorough cure is effected, and no remedy does this so certainly and so quickly as S. S. S. It contains not only purifying and tonic properties, but solvent qualities as well, all these being necessary in eradicating the poison and making a complete and lasting cure of Rheumatism. S. S. S. cleanses the blood of all irritating matter and the acid particles are dissolved and filtered out of the system, thus relieving the muscles and joints and removing all danger of future attacks. Under its tonic effect the nervous system regains its normal tone and the appetite and digestion improve, resulting in the upbuilding of the general health. S. S. S. contains no Potash or minerals of any description, but is guaranteed purely vegetable. Old people will find it not only the best blood purifier, but a most invigorating tonic—just such a remedy as they need to enrich the blood and quicken the circulation.

SSS

Whether you have Rheumatism in the acute or chronic stage, the treatment must be internal, deep and thorough in order to be lasting. Never be satisfied with anything less than an absolutely perfect cure. This you can get by the use of S. S. S., the oldest and best purifier and greatest of all tonics.

Write us fully and freely about your case, and medical advice will be given without charge, and our special book on Rheumatism will be mailed free to all desiring it.

chise to Cumberland Telephone Co. The franchise is for 20 years; gives the city 12 free phones and provides that not more than \$2.50 for business and \$1.50 for residence phones be charged. First passage.

Ordinance imposing a fine of from \$5 to \$10 on teamsters for permitting their vehicles to stand in a public street or alley long enough to cause a blockade. First passage.

Ordinance imposing a fine of from \$1 to \$5 on butchers and hucksters for blocking South Second street by standing wagons on Market street. Second passage defeated unanimously.

Ordinance providing for automatic safety gates at railroad crossings at Sixth and Norton on the N. C. and St. L. road, Ninth and Trimble, Eighth and Trimble, on Madison between Ninth and Tenth and on Harrison between Ninth and Tenth on the I. C. road, First passage.

The Cow Law Passed.
The cow law was easily passed, although some opposition was expected. Many intended to go up and "make a spiel," if reports are true, but they saw the handwriting on the wall, and thought better of it. Besides, some of the loudest-mouthed had failed to list their cows for taxation, as much as they profess to think of them, and didn't have the nerve.

The ordinance provides that cows and other stock shall not be allowed to run at large at anytime. They may be sent out to graze provided someone is with them. All cows caught running at large will be impounded, and the owner will have to pay to get her out, in addition to paying a fine for allowing her to run at large. If the owner's name is not learned, the cow is to be sold at auction.

There was a large crowd present in the council chamber in regard to the cow, and Councilman Young Taylor led the fight against the ordinance. When the vote was taken it had gained one vote, and only three voted against it. Councilmen Barnett, Taylor and Gailman. There were loud cheers from the spectators when the result was announced.

Mayor Yeiser has twenty days in which to sign the ordinance, and states that he will take up the entire twenty, as he desires everyone to have plenty of time to become used to the change. The ordinance is effective from its passage and approval, and will become a law the minute he attaches his signature. This will be in twenty days.

Extension of Water Mains.
The water company was ordered to extend mains on Trimble from 16th to 24th street, from Ninth to Tenth on Clay, on Elizabeth to Seventh and on Fifth from Norton 500 feet south.

Saloon license were granted Clark & Jenkins, 12th and Flournoy; Roy Hurt, South Third; Sawright & Mitchell, 13th and Clay; Dye & Stewart, Clements street, and Albert Dumaine, Burnett near 11th street.

A deed to a lot in Oak Grove to M. L. Page was ratified.

City Solicitor Puryear reported that the city could not refund license to Adam Weikert, Sr., because his son died after having run his saloon only a few days. The report was received and filed.

Library to Open on Sundays.
The board ordered that the Carnegie library keep open Sundays for the benefit of those who can't come during the week. It was intended that the library remain closed on the Sabbath until October.

The board of public works was ordered to investigate the advisability of building a new street near McKinley school in Mechanicsburg.

The matter of making persons putting in sewerage, gas and water pipes on South Third, be required to fill in gravel in excavations to preclude the possibility of the dirt, now being used, settling and causing bad places in the brick street, was referred.

The board of public works was ordered to have tin signs painted and tacked up at street corners so strangers can find streets readily without asking.

On motion the board adjourned.

Never burn your bridges behind you. They will come in handy in case you find it necessary to retreat.

A BELT LINE FOR THIRD AND SIXTH

Street Car Company Will at
Once Begin Work on It.

Has Just Ordered Sixteen New Motors and an Electric Switch.

MANY OTHER IMPROVEMENTS

The Paducah City Railway company has inaugurated a policy of hereafter purchasing everything brand new, and it will immediately make a number of costly and substantial improvements in Paducah. This was decided by the directors this morning.

An important undertaking will be started immediately. Third and Sixth streets to be connected by a belt line around on Broad. The company will break ground in a day or two, and complete the work as rapidly as possible. It has been the intention of the company to build this line for some time, and the work is hastened now by the reconstruction of Third street, the work on which would greatly interfere with traffic but for the belt line.

The company has ordered a new electric switch board which will be placed in at Sixth and Broadway. By the use of this switch all cars will make the turn at that corner without delay, the switch working automatically. It will save much time and inconvenience and be one of the latest improvements in its line. The material will be here just as soon as it can be shipped and transported, and will be placed in as soon as it arrives.

Sixteen new motors have been ordered, and will be here in a few days. They will be the best that can be bought for the purpose, and will be put on cars in place of some of the old ones, and in addition to improving the running of the cars, will do away with a great deal of the noise now complained of, most of which is caused by the old motors.

The company will also shortly improve all parts of its line that need it, and will make its equipment second to none in the state. It has already put on several new cars, which are giving good satisfaction, and which enable the company to handle more people and to handle them better, than ever before.

A great many people, especially those on the South Side, are interested in the belt line, and will be glad to know it will be built at once.

Stacking the Cards.

(Louisville Herald.)

The Frankfort machine is playing a dexterous game. It shuffles and stacks, cuts and deals just to suit its own ends. The machine slate reads: For governor in 1907 (election to take place 1906), the Hon. T. H. Paynter; for United States senator, 1909 (election to take place 1908), J. C. W. Beckham; for judge of the court of appeals, vice T. H. Paynter, elected to the senate, the Hon. John M. Lassing, of Boone. To get this slate through the Hon. John M. Lassing has been named chairman of this year's campaign committee. Judge Lassing wants to go up to the appellate bench. It is, therefore, to him of vital interest that Judge Paynter should be elected senator. He can, as chairman of the campaign committee, greatly promote the Paynter candidacy. He will, as campaign chairman, have charge of the campaign fund, the campaign oratory and literature. To him every candidate for representative or senatorial honors must look for that helping hand which Democratic candidates will this fall, more than ever, need to win. Will Judge Lassing help Blackburn men to keep Judge Paynter on and himself off the appellate bench? Not very likely. The campaign will, under his charge, take a very decided anti-Blackburn color. The machine wiped out in 1903 every Democrat that stood in its way—Col. Watterson, Judge Black, Judge Breckinridge and John K. Hendrick. It does not stop at trifles. When it wants a man off the track it throws him off or runs the Red Devil over his bones. Judge Lassing can be depended on to put the Democratic campaign resources where they will do most good to Judge Paynter and to himself.

METROPOLIS WEDDINGS.

Couple From Paducah and One From Graves County Wed There.

James R. Jest and Miss Ha Gossett, of Hickory Grove, Graves county, were married by Justice Thomas Liggett last night at Metropolis, Ill. They had been trying to elope for a week, but found no opportunity until they came up to the carnival yesterday.

Going to Metropolis on the Cowling last evening, they were united at 7 p. m.

Today Mr. W. G. Lowe, of Paducah, arrived at Metropolis, and secured a license to wed Miss Lillie Young, of the city. She is expected to reach Metropolis this afternoon, when the ceremony will be performed.
